Dear Educator,

The Central Washington Agricultural Museum located in Fullbright Park in Union Gap is excited to announce that we are now offering an educational program for grades 3 and 4. We would like to invite you and your classroom to come to the museum. Our museum is steeped in the rich agricultural history of our valley. Covering over 17 acres with open, outdoor displays of farm equipment, you will become aware of how life on the farm was lived a hundred years ago.

Educational Programs for schools will begin in April and continue through June 15. Initially, we are scheduling Education Programs on Thursday and Friday only. We will offer programs both morning and afternoon. Field trips (museum tours) can be scheduled April 1 through October 31. Fall tours are available upon request. Please read the enclosed brochure for more information about the options available.

Enclosed is a Request for Field Trip/School Tours & Educational Programs application. Please complete the form following directions and timelines indicated. Pre and Post Educational Materials for classroom are available on line at www.centralwaagmuseum.org.

We look forward to seeing you at the museum.
